The Dominican Annual Tourism Exchange, DATE 2022, is organized by the Hotel and Tourism Association of the Dominican Republic, ASONAHORES, since 1999.

This iconic tourism event gathers the most important and relevant suppliers of the Dominican tourism product, among them mayor national and international hotel chains as well as tour operators, whom participate with over 500 delegates.

DATE was created to provide a professionally organized business exchange environment where International Wholesalers, Tour Operators, Incentive Groups, Airlines, and Charters Operators (Buyers) can conduct business meetings with the Dominican Republic's leading tourism suppliers. Come and join us yearly at DATE to discover why Dominican Republic has it all!

## ASONAHORES Yearly Events

Initiative that is developed together with the Dominican Restaurant Association (ADERES), with the objective of promoting the quality of the culinary art of Santo Domingo. Under this promotional platform, several activities are carried out, such as: the El Tenedor de la Gastronomía Dominicana award, a prize awarded to the most outstanding restaurants in different categories; the Restaurant Week, which encourages diners to visit several restaurants to taste a menu specially developed for the occasion; as well as Dinners & Theme parties held privately and/or open to the public, in which several restaurants present their offers in a pleasant and innovative way to the guests. SDQ Gastronómico is developed in the month of June and was carried out for the first time in 2017.

Activity carried out with the objective of presenting the investment opportunities in the tourism sector in the Dominican Republic. The first edition was held in November 2017 with the participation of important exponents of the governmental sector and tourism at an international level.

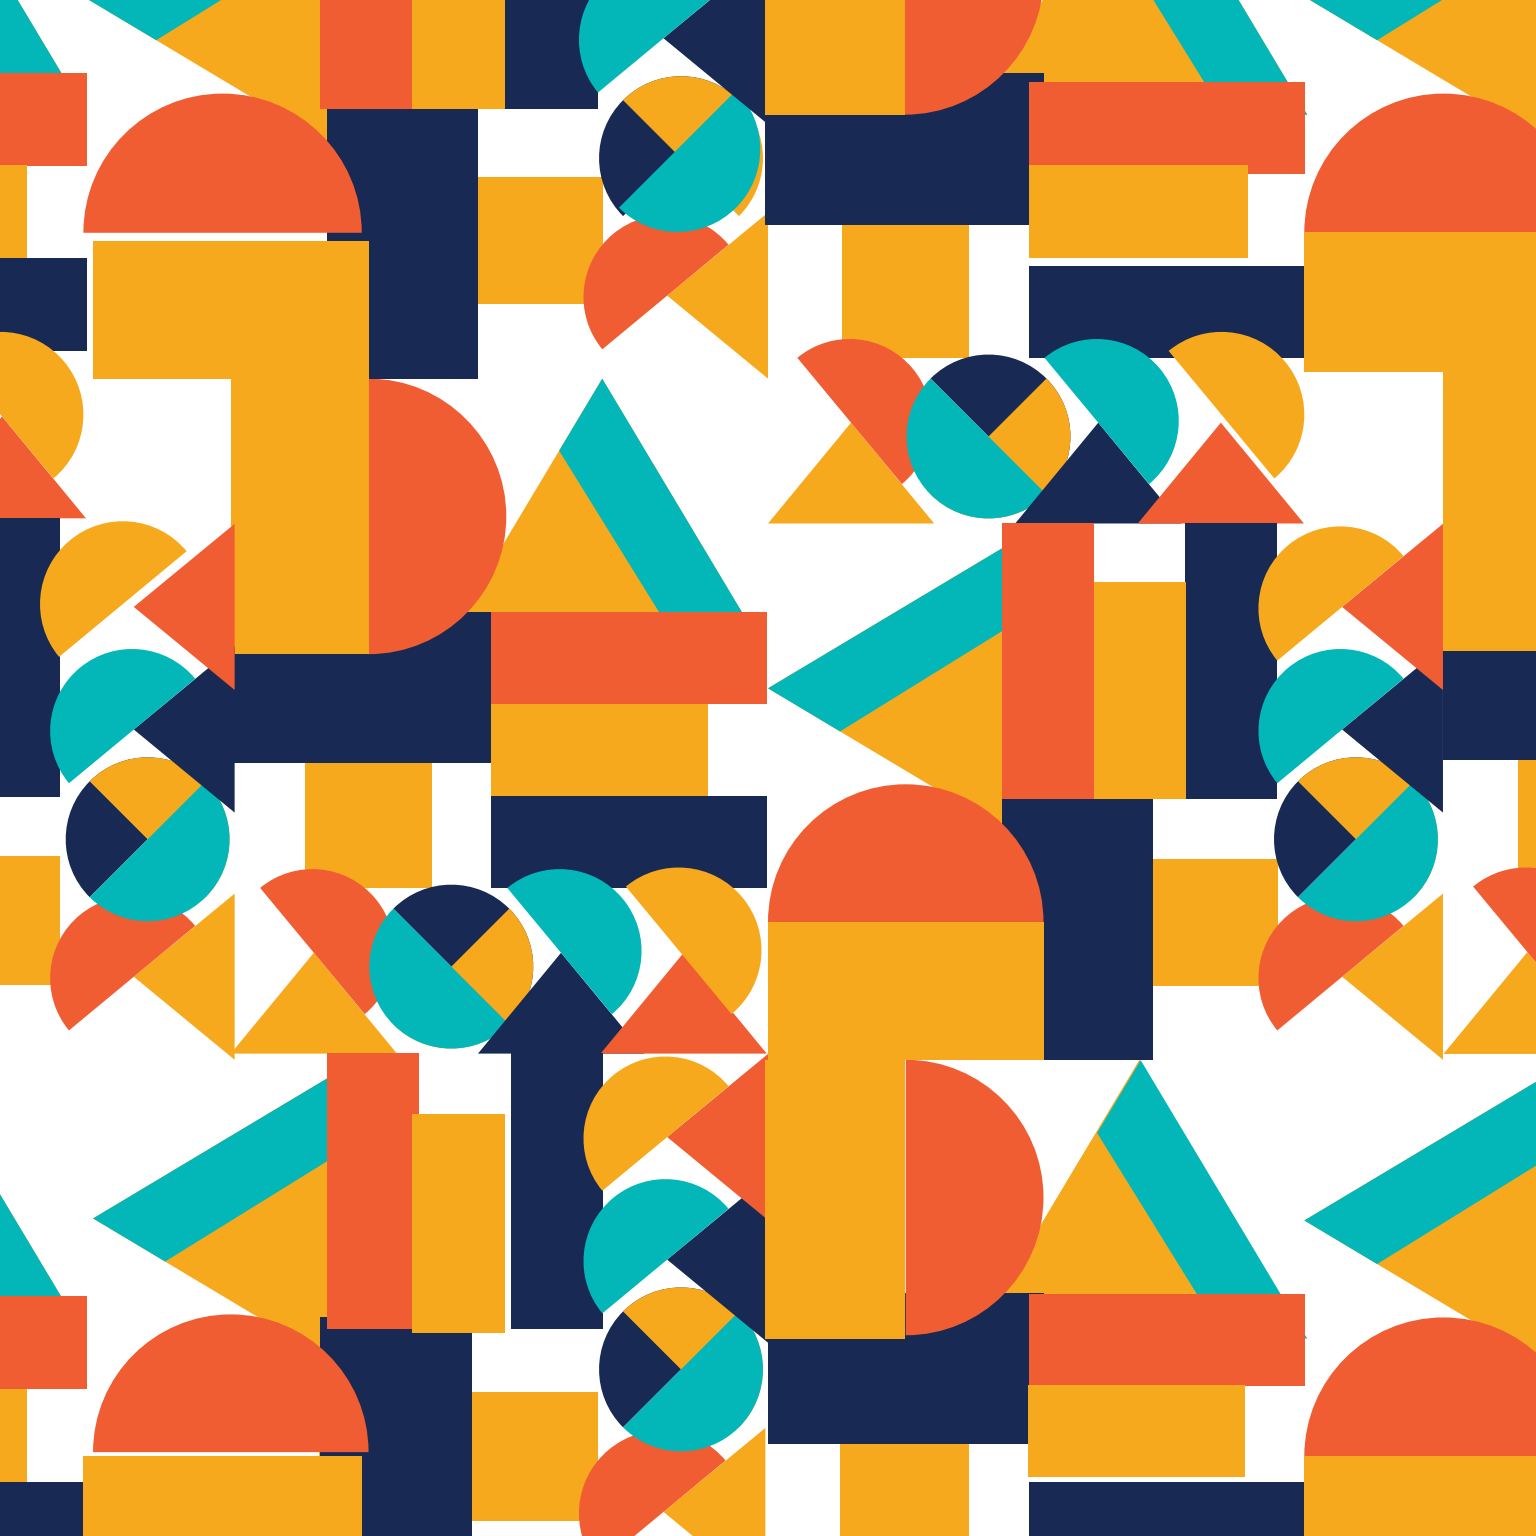

Held annually in September, it is recognized as the flagship activity of ASONAHORES for more than 30 years. The Commercial Exhibition is an event aimed at suppliers of goods and services or the national and international tourism industry with the purpose of exhibiting and launching its products, first hand, to buyers and directors of hotels and restaurants in the country, as well as to the range of related companies.

También es sabido que a dos años de pandemia, otras eran las prioridades, como sobrevivir alimentación y medicamentos, pero al día de hoy se observa en estos tiempos tan complicados nuevas opciones de inclusión para fomentar el turismo, sobre todo la llamada de atención de cuidar al planeta y a sus criaturas, así como promover viajes familiares y de amistades que desean encontrarse sobre todo en el tema pandemia el cual ha generado y genera stress por lo que el turismo pasa a ser un ingrediente importante y motivacional de todos aquellos que desean despejar su mente y reencontrarse no solo con sus familiares y amigos sino con ellos mismos.
